Recognizing the need for a consistent, informative, "single-source" means for municipalities to easily monitor "Commercial Forest Practices" being conducted in Towns, this Form was developed as the most efficient mechanism to fulfill that need. The CT Professional Timber Producers Association is confident that this Form will be widely accepted as the standard document Towns rely on in regard to Commercial Forest Practice activities and will be useful in appropriately monitoring "Commercial Forest Practices" being conducted in their Town. A "commercial forest practice" is defined by the CT DEP as "any activity undertaken in connection with the harvest of timber from a tract of forest land in excess of 50 cords, or 25,000 board feet, or 150 tons during any twelve-month period."

The Form is being endorsed by the CT Forest and Park Association, the CT Farm Bureau Association, and the CT Professional Timber Producers Association. To download a copy of the form click [Notification of Timber Harvest Form](#).
